Independent Auditor's Report

To the Board of Education of the George - Little Rock Community School District

We have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of George – Little Rock Community School District, George and Little Rock, Iowa, as of and for the year ended June 30, 2008, which collectively comprise the District's basic financial statements listed in the table of contents. These financial statements are the responsibility of District officials. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of George – Little Rock Community School District at June 30, 2008, and the respective changes in financial positions and cash flows, where applicable, for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with Governmental Auditing Standards, we have also issued our reports dated December 18, 2008 on our consideration of the George – Little Rock Community School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Governmental Auditing Standards and should be considered in assessing the results of our audit.

Management's Discussion and Analysis and budgetary comparison information on pages 6 through 15 and 38 through 40 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. We did not audit the information and express no opinion on it.

Our audit was performed for the purpose of forming an opinion on the financial statements that collectively comprise George – Little Rock Community School District's basic financial statements. We previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the year ended June 30, 2007 (which is not presented herein) and expressed

unqualified opinions on that financial statement The previous audits for June 30, 2006 and 2005 were not done by this office, but were in accordance with the standards referred to in the second paragraph of this report, the financial statements for the two years ended June 30, 2006 (none of which are presented herein) and expressed unqualified opinions on those financial statements. Other supplemental information included in Schedules 1 through 4, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects, in relation to the financial statements taken as a whole.

East, Vander Woude, Grant & Co., P.C.

Sioux Falls, SD December 18, 2008

Management's Discussion and Analysis

George – Little Rock Community School District provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2008. We encourage readers to consider this information in conjunction with the District's financial statements, which follow.

2008 Financial Highlights

- The General Fund revenues increased from \$4,090,834 in fiscal year 2007 to \$4,521,279 in fiscal year 2008, while General Fund expenditures increased from \$4,253,739 in fiscal year 2007 to \$4,586,259 in fiscal 2008. The District's General Fund balance decreased from \$102,789 in fiscal 2007 to \$40,280 in fiscal 2008, a 60.8% decrease
- The increase in General Fund revenues was attributable to an increase in local and state revenue in fiscal 2008. The increase in expenditures was due primarily to an increase in salaries and benefits.
- The local option sales and services tax (SILO) became effective January 1, 2004. Revenues collected were \$277,865 in 2007 and \$277,817 in 2008 which were used for debt service and construction costs.

Using this Annual Report

The annual report consists of a series financial statements and other information, as follows:

- Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the District's financial activities.
- The Government-wide Financial Statements consist of a Statement of Net Assets and a Statement of Activities. These provide information about the activities of the George Little Rock Community School District as a whole and present an overall view of the District's finances.
- The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report George Little Rock Community School District's operations in more detail than the government-wide statements by providing information about the most significant funds. The remaining statements provide financial information about activities for which George Little Rock Community School District acts solely as an agent or custodian for the benefit of those outside of the District.
- Notes to the financial statements provide additional information essential to a full understanding of the data provided in the basic financial statements.
- Required Supplementary Information further explains and supports the financial statements with a comparison to the District's budget for the year.
- Other Supplementary Information provides detailed information about the nonmajor Special Revenue Funds.

Figure A-1 shows how the various parts of this annual report are arranged and related to one another

Figure A-1
George - Little Rock Community School District Annual Financial Report

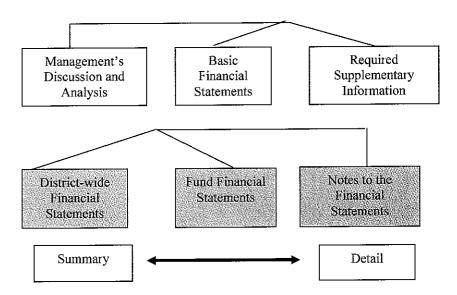

Figure A-2 below summarizes the major features of the District's financial statements, including the portion of the District's activities covered and the types of information contained.

		Fund Financial Statements								
	Government-wide Statements	Governmental Funds	Proprietary Funds							
Scope	Entire district	The activities of the district that are not proprietary	Activities the district operates similar to private businesses: food services is included here							
Required financial statements	Statement of net assetsStatement of activities	Balance sheet Statement of revenues, expenditures, and changes in fund balances	 Statement of net assets Statement of revenues, expenses, and changes in fund net assets Statement of cash flows 							
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial focus	Accrual accounting and economic resources focus							
Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term	Generally assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets or long-term liabilities included	All assets and liabilities, both financial and capital, and short-term and long-term							
Type of inflow/ outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due during the year or soon thereafter	All revenues and expenses during the year, regardless of when cash is received or paid							

REPORTING THE DISTRICT'S FINANCIAL ACTIVITIES

Government-wide Financial Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Assets includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

The two government-wide financial statements report the District's net assets and how they have changed. Net assets – the difference between the District's assets and liabilities – are one way to measure the District's financial health or position. Over time, increases or decreases in the District's net assets are an indicator of whether its financial position is improving or deteriorating. To assess the District's overall health, you need to consider additional non-financial factors such as changes in the District's property tax base and the condition of school building and other facilities.

In the government-wide financial statements, the District's activities are divided into two categories:

- Governmental activities Most of the District's basic services are included here, such as regular and special education, transportation and administration. Property taxes and state aid finance most of these activities.
- Business-type activities: The District charges fees to help it cover the costs of certain services it provides. The District's school nutrition program is included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds – not the district as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs.

Some funds are required by state law and by bond covenants. The District establishes other funds to control and manage money for particular purposes, such as accounting for student activity funds, or to repay its long-term debts, or to show that it is properly using certain revenues, such as federal grants.

The District has two kinds of funds:

• Governmental funds: Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs.

The District's governmental funds include the General Fund, Special Revenue Funds, Debt Service Fund and Capital Projects Funds.

The required financial statements for governmental funds include a balance sheet and a statement of revenues, expenditures and changes in fund balances.

• Proprietary funds: Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the government-wide financial statements. The District's Enterprise Fund, one type of proprietary fund, is the same as its business-type activities, but provides more detail and additional information, such as cash flows. The District currently has one Enterprise Fund, the School Nutrition Fund.

The required financial statements for proprietary funds include a statement of net assets, a statement of revenues, expenses and changes in fund net assets and a statement of cash flows.

Reconciliations between the government-wide financial statements and the fund financial statements follow the fund financial statements.

Government-wide Financial Analysis

Figure A-3 below provides a summary of the District's net assets at June 30, 2008 compared to June 30, 2007.

	Acti	Governmental Activities June 30,		Busine Activ	vitie	<u>s</u>	Acti	otal vities	Total Change June 30,		
	2008	2007		008		007	2008	2007		2007-2	
Current and other assets Capital assets Total assets	\$ 4,398 6,562 10,960	\$ 4,247 6,607 10,854	\$	18 92 110	\$	5 99 104	\$ 4,416 6,654 11,070	\$ 4,252 6,706 10,958		164 (52) 112	3.9% (0.78%) 1.0%
Long-term Liabilities Other Liabilities Total Liabilities	4,322 3,754 8,076	4,498 3,634 8,132		- 27 27		15 15	4,322 3,781 8,103	4,498 3,649 8,147		(176) 132 (44)	100.0% 3.6% (0.54%)
Net Assets Invested in capital assets, net of related debt Restricted Unrestricted	2,075 748 61	2,016 605 101		92 - (9)	Φ.	99 - (10)	2,167 748 52	2,115 605 91	<u></u>	52 143 (39)	2 5% 23 6% (42.86%)
Total net assets	\$ 2,884	\$ 2,722	<u>\$</u>	83	\$	89	\$ 2,967	\$ 2,811	\$	156	5.5%

The District's combined net assets increased by 5.5 percent or approximately \$156,000 over the prior year. The largest increase is due to the ISCAP funds being held. The debt related to the investment in capital assets is liquidated with sources other than capital assets.

Restricted net assets represent resources that are subject to external restrictions, constitutional provisions or enabling legislation on how they can be used. The District's restricted net assets increased approximately \$143,000 from the prior year. The increase was primarily a result of the capital projects being completed this school year.

Unrestricted net assets – the part of net assets that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or the legal requirements – decreased approximately \$39,000 or 43 percent. This reduction in unrestricted net assets was a result of the District using carryover fund balance to meet its financial obligations during the year.

Figure A-4 shows the changes in net assets for the year ended June 30, 2008.

Figure A-4

Program expenses: Governmental activities:														
Instruction	:	3,422		3,194		-		-		3,422		3,194	7.14%	
Support service		1,655		1,471		-		-		1,655		1,471	12.51%	
Non-instructional programs		-		2		223		218		223		220	1.36%	
Other expenses		528		391		-				528		391	35.04%	
Total expenses		5,605		5,058		223		218		5,828		5,276	10.46%	
Change in net assets	\$	162	\$	605	\$	(6)	\$	83	\$	156	\$	688	(77.33%)	

Property tax, local option sales and service tax, and unrestricted state grants account for 73.7 percent of the total revenue. The District's expenses primarily relate to instruction and support services, which account for 87.4 percent of the total expenses.

The District's total revenues were approximately \$5.984 million, of which \$5.767 million was for governmental activities and approximately \$217,000 was for business type activities

As shown in Figure A-4, the District as a whole experienced a 35% increase in revenues and a 77.33% decrease in expenses. Increases in property tax, state grant and other revenues off set the decreases in charges for services and capital grants. Increase in expenses related to increases in the negotiated salaries and benefits, as well as increases in expenses due to the construction projects completion.

Governmental Activities

Revenues for governmental activities were \$5,765,537 and expenses were \$5,603,769. In a difficult budget year, the District was able to balance the budget by trimming expenses to match available revenues.

The following table presents the total and net cost of the District's major governmental activities: instruction, support services, non-instructional programs and other expenses, for the year ended June 30, 2008 compared to the year ended June 30, 2007.

		Figure A-5											
	Total and Net Cost of Governmental Activities												
	(Expressed in Thousands)												
		Tota	ıl Co	ost of Se	rvices		Net	t Co	st of Ser				
		2008		2007	Change 2007-2008		2008		2007	Change 2007-2008			
Instruction	\$	3,422	\$	3,194	7.14%	\$	2,332	\$	2,076	12.33%			
Support services		1,655		1,471	12.51%		1,647		1,451	13.51%			
Non-instructional programs		-		2	0.00%		-		2	0.00%			
Other expenses		528		391	35.04%		326		145	124.83%			
Totals	\$	5,605	\$	5,058	10.81%	\$	4,305	\$	3,674	17.17%			

For the year ended June 30, 2008:

- The cost financed by users of the District's programs was \$334,875.
- Federal and state governments subsidized certain programs with grants and contributions totaling \$931,796.
- The net cost of governmental activities was financed with \$2,481,923 in property and other taxes and \$1,929,638 in unrestricted state grants

Business Type Activities

Revenues for business type activities were \$216,949, representing a 27.8% decrease over the prior year, while expenses totaled \$222,752, a 2.38% increase over the prior year. The District's business type activities include the School Nutrition Fund. Revenues of these activities were comprised of charges for service, federal and state reimbursements, investment income and contributions for capital project improvements. The decrease in revenues is a result of less contributed capital assets in the current year.

INDIVIDUAL FUND ANALYSIS

As previously noted, George – Little Rock Community School District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The financial performance of the District as a whole is reflected in its governmental funds, as well. As the District completed the year, its governmental funds reported a combined fund balance of \$923,488, an increase of \$47,683. The primary reason for the increase in combined fund balances in fiscal 2008 is due to the capital projects being completed in the past year.

Governmental Fund Highlights

• The District's deteriorating General Fund financial position is the result of many factors. Growth during the year in tax and grants resulted in an increase in revenues. However, the increase in revenues was more than offset by the District's increase in General Fund expenditures, requiring the District to use carryover fund balance to meet its financial obligations during the year.

- The General Fund balance decreased from \$102,789 to \$40,280, due in part to the negotiated salaries and benefits and existing expenditure commitments of the District.
- The Debt Service Fund balance decreased from \$169,893 in fiscal 2007 to \$162,752 in fiscal 2008. The decreased was due to the bond and interest payments being made this year.
- The Capital Projects Fund balance increased due to the construction projects were completed during the year. The District ended fiscal 2007 with a \$436,972 balance and ended fiscal 2008 ended with a balance of \$514,840.

Proprietary Fund Highlights

School Nutrition Fund cash balance increased from \$673 at June 30, 2007 to \$11,405 at June 30, 2008, representing an increase of \$10,732. This is due primarily from decreases in wages, benefits and increase in federal revenues.

BUDGETARY HIGHLIGHTS

The District's receipts were \$247,146 more than budgeted receipts, with a variance of 4.3%. The most significant variance resulted from the increases in local, state and federal revenues.

Total expenditures were less than budgeted, due primarily to the District's budget for the Capital Project that was completed before the end of the school year. It is the District's practice to budget expenditures at the maximum authorized spending authority for the General Fund. The District then manages or controls General Fund spending through its line-item budget. As a result, the District's certified budget should always exceed actual expenditures for the year.

In spite of the District's budgetary practice, the certified budget was exceeded in the support service functional area due to the timing of disbursements paid at year-end without sufficient time to amend the certified budget.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2008, the District had invested \$6.5 million, net of accumulated depreciation, in a broad range of capital assets, including land, buildings, athletic facilities, computers, audio-visual equipment and transportation equipment. (See Figure A-6) This represents a net decrease of 79% from last year. More detailed information about the District's capital assets is presented in Note 6 to the financial statements. Depreciation expense for the year was \$229,281.

The original cost of the District's capital assets was \$9.5 million. Governmental funds account for \$9.3 million, with the remainder of \$0.2 million accounted for in the Proprietary, School Nutrition Fund.

The largest change in capital asset activity during the year occurred with the completion of the construction projects which added \$1,845,814 to buildings and \$308,733 to furniture and equipment at June 30, 2008.

Long-Term Debt

At June 30, 2008, the District had \$4,734,898 in general obligation, revenue and other longterm debt outstanding compared to \$4,579,337 last year. (See Figure A-7) Additional information about the District's long-term debt is presented in Note 7 to the financial statements.

In March 2005, the District's voters authorized the issuance of \$4,360,000 in general obligation bonds to pay for construction of the additions to buildings in George and Little Rock. Planning for the project started in fiscal 2005 and bonds were sold during fiscal 2006. At the same time the District issued \$685,000 of local option sales and services tax revenue bonds for the same project. The District had total outstanding bonded indebtedness at June 30, 2008 of \$4,465,000.

The District also had early retirement obligations of \$114,337 at June 30, 2008 with \$22,106 due in FY 2009 and \$92,231 long term.

Economic Factors Bearing on the District's Future

At the time these financial statements were prepared and audited, the District was aware of several existing circumstances that could significantly affect its financial health in the future:

- The financial history of the State of Iowa's support for public K-12 schools has translated into restricted levels of state aid funding for education at the local level. Future needs of the District will continue to grow and it is hoped that allowable growth would match the needs of public K-12 education.
- District enrollment did not change in fiscal year 2007-2008 with a budget enrollment of 502. Under Iowa's school finance formula, funding is highly dependent upon enrollment. During the 2007-2008 school year, George Little Rock students who open enroll out to other districts increased by 2 students, from 31 to 33. Because George Little Rock is the resident district, the student is counted for state funding, but then funding is paid to the receiving district. Future enrollment stability is a critical element in maintaining a sound financial foundation.
- Fiscal 2009 will be the second year of a three-year contract with George-Little Rock Education Association. The District will negotiate a new agreement during fiscal 2010. Settlements in excess of "new money" or allowable growth in state funding will have an adverse effect on the District's General Fund budget and related fund balance

Contacting the District's Financial Management

This financial report is designed to provide the District's citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Delinda Kruger, Board Secretary/Business Manager at the George - Little Rock Community School District, 500 E. Indiana Ave., George, IA 51237 or 712-475-3311.

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances
- Governmental Funds to the Statement of Activities

Year ended June 30, 2008

Net change in fund balance - total governmental funds (page 22) Amounts reported for governmental activities in the Statement of Activities are different because:		\$ 47,683
Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, those costs are not reported in the Statement of Net Assets and are allocated over their estimated useful lives as depreciation expense in the Statement of Activities. Capital outlay expenditures exceeded depreciation expense in the current year, as follows:		
Expenditures for capital assets Depreciation expense	186,978 (220,390)	(33,412)
Proceeds from issuing long-term liabilities provided current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Assets Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets. Current year repayments exceeded issues, as follows:		
Repaid	232,091	232,091
Interest on long-term debt in the Statement of Activities differs from the amount reported in the recorded as an expenditure in the funds when due. In the Statementgovernmental funds because interest is of Activities, interest expense is recognized as the interest accrues, regardless of when it is due		3,393
Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore, are not reported as expenditures in the governmental funds, as follows:		
Early retirement	87,988	 (87,988)

Change in net assets of governmental activities (page 19)

During the year ended June 30, 2008, the District received \$16,001 of federal commodities.

Notes to Financial Statements
June 30, 2008

(1) Summary of Significant Accounting Policies

The George – Little Rock Community School District is a political subdivision of the State of Iowa and operates public schools for children in grades kindergarten through twelve and special education pre-kindergarten. Additionally, the District either operates or sponsors various adult education programs. These courses include remedial education as well as vocational and recreational courses. The geographic area served includes the cities of George and Little Rock, Iowa and the predominately agricultural territory in Lyon, Sioux and Osceola Counties. The District is governed by a Board of Education whose members are elected on a non-partisan basis.

The District's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, George – Little Rock Community School District has included all funds, organizations, account groups, agencies, boards, commissions and authorities. The District has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the District. The George – Little Rock Community School District has no component units, which meet the Governmental Accounting Standards Board criteria.

B Basis of Presentation

Government-wide Financial Statements – The Statement of Net Assets and the Statement of Activities report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by tax and intergovernmental revenues, are reported separately from business type activities, which rely, to a significant extent on fees and charges for service.

The Statement of Net Assets presents the District's nonfiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories:

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes and other debt attributable to the acquisition, construction or improvement of those assets.

Restricted net assets result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation

Unrestricted net assets consist of net assets that do not meet the definition of the two preceding categories. Unrestricted net assets often have constraints on resources imposed by management, which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions and interest restricted to meeting the operational or capital

Notes to Financial Statements June 30, 2008

requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

<u>Fund Financial Statements</u> – Separate financial statements are provided for governmental, proprietary and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

The District reports the following major governmental funds:

The General Fund is the general operating fund of the District. All general tax revenues and other revenues that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, including instructional, support and other costs.

The Debt Service Fund is utilized to account for the payment of interest and principal on the District's general long-term debt.

The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities.

The District reports the following major proprietary fund:

The District's proprietary fund is the Enterprise, School Nutrition Fund This fund is used to account for the food service operations of the District.

C Measurement Focus and Basis of Accounting

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days after year-end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the District.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and compensated absences are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is

Notes to Financial Statements June 30, 2008

the District's policy to first apply cost-reimbursement grant resources to such programs, and then general revenues

The proprietary fund of the District applies all applicable GASB pronouncements, as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee on Accounting Procedure.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's Enterprise Fund are charges to customers for sales and services. Operating expenses for Enterprise Funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The District maintains its financial records on the cash basis. The financial statements of the District are prepared by making memorandum adjusting entries to the cash basis financial records.

D. Assets, Liabilities and Fund Equity

The following accounting policies are followed in preparing the balance sheet:

<u>Cash, Pooled Investments and Cash Equivalents</u> – The cash balances of most District funds are pooled and invested. All investments are non-negotiable certificates of deposit which are stated at cost.

For purposes of the statement of cash flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, have a maturity date no longer than three months.

<u>Property Tax Receivable</u> – Property tax in governmental funds is accounted for using the modified accrual basis of accounting

Property tax receivable is recognized in these funds on the levy or lien date, which is the date the tax asking, is certified by the Board of Education. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Education to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the District is required to certify its budget in April of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2006 assessed property valuations; is for the tax accrual period July 1, 2007 through June 30, 2008 and reflects the tax asking contained in the budget certified to the County Board of Supervisors in April, 2007.

<u>Due from Other Governments</u> – Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

<u>Inventories</u> — Inventories are valued at cost using the first-in, first-out method for purchased items and government commodities. Inventories of proprietary funds are recorded as expenses when consumed rather than when purchased or received.

Notes to Financial Statements June 30, 2008

Capital Assets – Capital assets, which include property, furniture and equipment, are reported in the applicable governmental or business type activity columns in the government-wide Statement of Net Assets. Capital assets are recorded at historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets are defined by the District as assets with an initial, individual cost in excess of the following thresholds and estimated useful lives in excess of two years.

Asset Class	Amount		
Land	\$	2,500	
Buildings		2,500	
Improvements other than buildings		2,500	
Furniture and equipment:			
School Nutrition Fund equipment		2,500	
Other furniture and equipment		2,500	

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Estimated
Useful Lives
100 years
15 - 50 years
3 - 15 years

<u>Salaries and Benefits Payable</u> – Payroll and related expenditures for teachers with annual contracts corresponding to the current school year, which are payable in July and August, have been accrued as liabilities.

<u>Deferred Revenue</u> – Although certain revenues are measurable, they are not available. Available means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue in the governmental fund financial statements represents the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue consists of unspent grant proceeds as well as property tax receivable and other receivables not collected within sixty days after year-end.

Deferred revenue in the Statement of Net Assets consists of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied

<u>Long-term liabilities</u> – In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activity column in the Statement of Net Assets.

<u>Fund Equity</u> – In the governmental fund financial statements, reservations of fund balance are reported for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

<u>Restricted Net Assets</u> – In the government-wide Statement of Net Assets, net assets are reported as restricted when constraints placed on net asset use are either externally imposed by creditors, grantors, contributors or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation

Notes to Financial Statements June 30, 2008

E. Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information. During the year ended June 30, 2008, expenditures in the instruction and support services functional areas exceeded the amounts budgeted but the District did not exceed its General Fund unspent authorized budget.

(2) Cash and Pooled Investments

The District's deposits in banks at June 30, 2008 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The District is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Education; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

Credit risk for the District is limited as all investments are in certificates of deposits which are covered by federal depository insurance or by the State Sinking Fund.

(3) Due From and Due to Other Funds

The detail of interfund receivables and payables at June 30, 2008 is as follows:

Receivable Fund	Payable Fund	Amount
General	School Lunch	\$ 13,000

The School Lunch Fund will be repaying the General Fund for an advance to pay expenditures when the cash flow improves

(4) Interfund Transfers

The detail of interfund transfers for the year ended June 30, 2008 is as follows:

Transfer to	Transfer from:	1	Amount
General Fund	Physical Plant and Equipment Levy	\$	4,562
Capital Projects	Local Option Sales Tax		190,013
Debt Service	Local Option Sales Tax		168,487
Debt Service	Capital Projects		21,589
Debt Service	General Fund		2,091
		\$	386,742

Transfers generally move revenues from the fund statutorily required to collect the resources to the fund statutorily required to expend the resources.

(5) Iowa School Cash Anticipation Program (ISCAP)

The District participates in the Iowa School Cash Anticipation Program (ISCAP). ISCAP is a program of the Iowa Association of School Boards and is designed to provide funds to participating

Notes to Financial Statements June 30, 2008

entities during periods of cash deficits ISCAP is funded by a semiannual issuance of anticipatory warrants, which mature as noted below. The warrant sizing of each school corporation is based on a projection of cash flow needs during the semiannual period. ISCAP accounts are maintained for each participating entity, and monthly statements are provided regarding their cash balance, interest earnings and amounts available for withdrawal for each outstanding series of warrants. Bankers Irust Co. NA is the trustee for the program. A summary of the District's participation in ISCAP at June 30, 2008 is as follows:

Series	Warrant Date	Final Warrant Maturity	Inv	vestments	I	Accrued nterest ceivable	•	Varrants Payable	I	accrued nterest ayable
2007-08A	6/27/07	6/27/08	\$	-	\$	2,212	\$	-	\$	-
2007-08B	1/23/08	1/23/09		412,319		6,182		411,000		6,696
2008-09A	6/27/08	6/27/09		723,852		274		718,000		275
Total			\$ 1	,136,171	\$	8,668	\$ 1	,129,000	\$	6,971

The District pledges its state foundation aid payments and General Fund receipts as security for warrants issued. Repayments must be made when General Fund receipts are received. If a balance is outstanding on the last date the funds are available to be drawn then the District must repay the outstanding withdrawal from its General Fund receipts. In addition, the District must make minimum warrant repayments on the 25th of each month immediately following the final date the warrant proceeds may be used in an amount equal to 25% of the warrant amount. ISCAP advance activity in the General Fund for the year ended June 30, 2008 is as follows:

	Bal	ance						
	Begin	ning of	A	Advances	I	Advances	Bala	nce End
Series	Y	Year		Received		Repaid	of Year	
2007-08A	\$	-	\$	200,000	\$	200,000	\$	-
2007-08B		-		-		-		-
	\$	-	\$	200,000	\$	200,000	\$	-

The warrants bear interest and the available proceeds of the warrants are invested at the interest rates shown below:

	Interest	Interest
	Rates on	Rates on
Series	Warrants	Investments
2007-08A	4 500%	5.455%
2007-08B	3 750%	3 451%
2008-09A	3.750%	3.451%

Notes to Financial Statements June 30, 2008

6) Capital Assets

Capital assets activity for the year ended June 30, 2008 was as follows:

	_	Balance					Balance
	В	eginning of Year		Increases	۲	Decreases	End of Year

Revenue Bonds Payable

Details of the District's June 30, 2008 local option sales and services tax revenue bonded indebtedness are as follows:

			Bon	d Is	sue July 1, 2	2005	5				
Year		Series 2005B									
Ending June, 30	Interest Rates	<u> </u>	rincipal		Interest		Total				
2009	3.00%	\$	80,000	\$	17,340	\$	97,340				
2010	3.10%		85,000		14,658		99,658				
2011	3.20%		85,000		11,810		96,810				
2012	3.30%		90,000		8,745		98,745				
2013	3.40%		95,000		5,368		100,368				
2014	3.60%		95,000		1,805		96,805				
		\$	530,000	\$	59,725	\$	589,725				

The local option sales and services tax revenue bonds were issued for the purpose of defraying a portion of the cost of school infrastructure. The bonds are payable solely from the proceeds of the local option sales and services tax revenues received by the District. The bonds are not a general

GEORGE - LITTLE ROCK COMMUNITY SCHOOL DISTRICT

Notes to Financial Statements June 30, 2008

obligation of the District. However, the debt is subject to the constitutional debt limitation of the District.

The resolution providing for the issuance of the local option sales and service tax revenue bonds includes the following provisions:

- 1 A sinking fund to be established for all proceeds of the Local Option Sales and Services tax revenue must be deposited.
- 2 The amounts to be deposited into the sinking fund shall be equal to the amount of principal and interest coming due on the bonds and any other obligations payable from the Local Option Tax Revenues.
- 3. A reserve fund is required to be maintained on deposit an amount equal to the lesser of 10% of the proceeds of the Series 2007B or 125% of the average annual debt service on Series 2007B

The District did comply with all of the provisions during the year ended June 30, 2008. The required reserve account was established by the District with a balance of \$68,500 and the sinking fund had \$91.214.

During the year ended June 30, 2008, the District made interest payments totaling \$190,460 under the agreements.

(8) Termination Benefits

The District offers a voluntary early retirement plan to its employees. Eligible employees must have completed at least fifteen years of continuous service in the district and must have reached the age of fifty-five on or before June 30 in the calendar year in which early retirement commences. The application for early retirement is subject to approval by the Board of Directors by February 1 of the applicable year.

Early retirement benefits are a flat \$2,000 per year for 5 years and health insurance payments based on the retirement year rate until the retiree reaches 65 years of age. If health insurance rates go up the retiree will need to pay the difference.

At June 30, 2008, the District has obligations to three participants with a total liability of \$114,337. Actual early retirement expenditures for the year ended June 30, 2008 totaled \$7,184. Details of the early retirement obligations at June 30, 2008 are as follows:

Year		Health	
Ending	Compensation	Insurance	Total
2009	\$ 6,000	\$ 16,106	\$ 22,106
2010	6,000	16,106	22,106
2011	6,000	16,106	22,106
2012	4,000	16,106	20,106
2013	4,000	9,804	13,804
Thereafter	-	14,109	14,109
	\$ 26,000	\$ 88,337	\$ 114,337

(9) Pension and Retirement Benefits

The District contributes to the Iowa Public Employees Retirement System (IPERS), which is a costsharing multiple-employer defined benefit plan administered by the State of Iowa. IPERS provides retirement and death benefits, which are established by State statute, to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements

GEORGE - LITTLE ROCK COMMUNITY SCHOOL DISTRICT

Notes to Financial Statements June 30, 2008

and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, IA, 50306-9117.

Plan members are required to contribute 3 90% of their annual salary and the District is required to contribute 6.05% of annual payroll. Contribution requirements are established by State statute. The District's contribution to IPERS for the years ended June 30, 2008, 2007, and 2006 were \$172,258, \$154,612 and \$150,038 respectively, equal to the required contributions for each year.

(10) Risk Management

George – Little Rock Community School District is exposed to various risks of loss related to torts; theft; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The District assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

(11) Area Education Agency

The District is required by the Code of Iowa to budget for its share of special education support, media and educational services provided through the area education agency. The District's actual amount for this purpose totaled \$169,411 for the year ended June 30, 2008, and is recorded in the General Fund by making a memorandum adjusting entry to the cash basis financial statements.

George – Little Rock Community School District Notes to Required Supplementary Information – Budgetary Reporting Year ended June 30, 2008

This budgetary comparison is presented as Required Supplementary Information in accordance with <u>Governmental Accounting Standard Board</u> Statement No 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds except Private Purpose Trust and Agency Funds. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The District's budget is prepared on the GAAP basis.

Formal and legal budgetary control for the certified budget is based upon four major classes of expenditures known as functions, not by fund or fund type. These four functions are instruction, support services, non-instructional programs and other expenditures. Although the budget document presents function expenditures or expenses by fund, the legal level of control is at the aggregated functional level, not by fund. The Code of Iowa also provides District expenditures in the General Fund may not exceed the amount authorized by the school finance formula.

During the year ended June 30, 2008, disbursements in the support services function exceeded the amounts budgeted but the District did not exceed its General Fund unspent authorized budget.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Board of Education of
George – Little Rock Community School District:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of George – Little Rock Community School District as of and for the year ended June 30, 2008, which collectively comprise the District's basic financial statements listed in the table of contents, and have issued our report thereon dated December 18, 2008. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the George – Little Rock Community School District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing our opinion of the effectiveness of George – Little Rock Community School District's internal control over financial reporting Accordingly, we do not express an opinion on the effectiveness of George – Little Rock Community School District's internal control over financial reporting

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies and other deficiencies we consider to be material weaknesses.

A control deficiency exists when the design or operation of the control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects George – Little Rock Community School District's ability to initiate, authorize, record, process, or report financial data reliably in accordance with U.S. generally accepted accounting principles such that there is more than a remote likelihood a misstatement of George – Little Rock Community School District's financial statements that is more than inconsequential will not be prevented or detected by George – Little Rock Community School District's internal control. We consider the deficiency in internal control described in Part I of the accompanying Schedule of Findings to be significant deficiency in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies that results in more than a remote likelihood a material misstatement of the financial statements will not be prevented or detected by George – Little Rock Community School District's internal control

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all

significant deficiencies that are also considered to be material weaknesses. However, of the reportable conditions described above, we believe item I-08-A is material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the George – Little Rock Community School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an object of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under <u>Government Auditing Standards</u>. However, we noted certain immaterial instances of noncompliance that are described in Part II of the accompanying Schedule of Findings

Comments involving statutory and other legal matters about the District's operations for the year ended June 30, 2008 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the District. Since our audit is based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes

George – Little Rock Community School District's responses to findings identified in our audit are described in the accompanying Schedule of Findings. While we have expressed our conclusions on the District's responses, we did not audit George – Little Rock Community School District's responses and accordingly, we express no opinion on them.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of George – Little Rock Community School District and other parties to whom George – Little Rock Community School District may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of George – Little Rock Community School District during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

East, Vander Woude, Grant & Co., P.C.

Sioux Falls, SD December 18, 2008

George - Little Rock Community School District Schedule of Findings Year ended June 30, 2008

Part I: Findings Related to the Financial Statements:

SIGNIFICANT DEFICIENCES:

I-08-A Auditor drafting of the financial statements and related footnote disclosures. As in prior years, we were requested to draft the audited financial statements and related footnote disclosures as part of our regular audit services. During 2006, a new auditing standard from the American Institute of Certified Public Accountants, SAS 112, became effective. This statement requires auditors to communicate this situation to the state as an internal control deficiency. Ultimately, it is management's responsibility to provide for the preparation of the District's statements and footnotes, and the responsibility of the auditor to determine the fairness of presentation of those statements. From a practical standpoint we do both for you at the same time in connection with our audit. This is not unusual for us to do this with organizations of your size. However, based on this new auditing standard, it is our responsibility to inform you that this deficiency could result in a misstatement to the financial statements that could have be prevented or detected by the District's management. As in prior years, we have instructed management to review a draft of the auditor prepared financials in detail for their accuracy; we have answered any questions they might have, and encouraged research of any accounting guidance in connection with the adequacy and appropriateness of classification and disclosure in your statements. We are satisfied that the appropriate steps have been taken to provide you with the completed financial statements

<u>Recommendation</u> – It is the responsibility of management and those charged with governance to make the decision whether to accept the degree of risk associated with this condition because of cost or other considerations.

Response – We are aware of the risk associated with not preparing our financial statements, but believe our review of the financial statements to be adequate to reduce this risk.

Conclusion - Response accepted.

INSTANCES OF NON-COMPLIANCE:

No matters were reported.

George - Little Rock Community School District Schedule of Findings Year ended June 30, 2008

Part II: Other Findings Related to Required Statutory Reporting:

II-08-A <u>Certified Budget</u> – Expenditures for the year ended June 30, 2008, exceeded the certified budget amount in the student support function area.

<u>Recommendation</u> – The budget should have been amended in accordance with Chapter 24.9 of the Code of Iowa before disbursements were allowed to exceed the budget

<u>Response</u> – Future budgets will be amended in sufficient amounts to ensure the certified budget is not exceeded

<u>Conclusion</u> – Response accepted.

- II-08-B Questionable Expenditures No disbursements were noted that might not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979.
- II-08-C <u>Travel Expense</u> No expenditures of District money for travel expenses of spouses of District officials or employees were noted. No travel advances to District officials or employees were noted.
- II-08-D <u>Business Transactions</u> No business transactions between the District and District officials or employees were noted.
- II-08-E <u>Bond Coverage</u> Surety bond coverage of District officials and employees is in accordance with statutory provisions. Coverage amounts should be reviewed annually to insure adequacy for current operations.
- II-08-F <u>Board Minutes</u> No transactions requiring Board approval, which had not been approved by the Board, were noted
- II-08-G <u>Deposits and Investments</u> No instances of noncompliance with the deposit and investment provisions of Chapter 12B and Chapter 12C of the Code of Iowa and the District's investment policy were noted.
- II-08-H <u>Certified Annual Report</u> The Certified Annual Report was certified to the Iowa Department of Education timely.
- II-08-I <u>Certified Enrollment</u> No variances in the basic enrollment data certified to the Department of Education were noted.
